### WOOD PARTNERS PLANS APARTMENT COMPLEX IN SANDY SPRINGS

SANDY SPRINGS, GA. — Wood Partners will soon break ground on the 168-unit Alta Glenridge Springs apartment complex in Sandy Springs. The property, which will be located near the interchange of Glenridge Drive and Interstate 285, will include 20,000 square feet of retail space. Construction plans also call for a pool with an outdoor kitchen, a fitness center and a gaming room. Delivery is expected by next summer. CB Richard Ellis provided funding for the development, and Colliers International's Hank Hall facilitated debt for the construction.
